What causes successful learning in Bayesian methods?

George Moroz

Linguistic Convergence Laboratory, NRU HSE, Moscow, Russia

7 May 2019

Bayes@Lund2019
Lund University, Sweden

Presentation is available here: tinyurl.com/yyj72dta

So you are a linguist?

- How many languages do you speak?

So you are a linguist?

- How many languages do you speak?
  Why linguists hate being asked how many languages they know

So you are a linguist?

- How many languages do you speak?
  Why linguists hate being asked how many languages they know
- How to say *chicken* in Portuguese?

So you are a linguist?

- How many languages do you speak?
  Why linguists hate being asked how many languages they know

- How to say *chicken* in Portuguese?

- (in a bus) What language do those two speak?

So you are a linguist?

- How many languages do you speak?
  Why linguists hate being asked how many languages they know
- How to say *chicken* in Portuguese?
- (in a bus) What language do those two speak?
- What is the origin of the word *beefeater*?

So you are a linguist?

- How many languages do you speak?
  Why linguists hate being asked how many languages they know
- How to say *chicken* in Portuguese?
- (in a bus) What language do those two speak?
- What is the origin of the word *beefeater*?
- How to spell the word *n*?

So you are a linguist?

- How many languages do you speak?
  Why linguists hate being asked how many languages they know

- How to say *chicken* in Portuguese?

- (in a bus) What language do those two speak?

- What is the origin of the word *beefeater*?

- How to spell the word *n*? No, I mean …in French!

So you are a linguist?

- How many languages do you speak?
  Why linguists hate being asked how many languages they know
- How to say *chicken* in Portuguese?
- (in a bus) What language do those two speak?
- What is the origin of the word *beefeater*?
- How to spell the word *n*? No, I mean ...in French!
- Wow! Linguists use LaTeX and R? What do you need those for?

So you are a linguist?

- How many languages do you speak?
  Why linguists hate being asked how many languages they know

- How to say *chicken* in Portuguese?

- (in a bus) What language do those two speak?

- What is the origin of the word *beefeater*?

- How to spell the word *n*? No, I mean ...in French!

- Wow! Linguists use LaTeX and R? What do you need those for?

Unfortunately, those stereotypes are everywhere!
How to explain linguistics to your friends and family this holiday season

My courses

who?	what?	background	how long?
bachelor 3 y.	intro to R and stats [1]	math, Python	¼ ed. y.

My courses

who?	what?	background	how long?
bachelor 3 y.	intro to R and stats [1]	math, Python	¼ ed. y.
bachelor 3 y.	advanced stats	math, Python, R	¼ ed. y.

My courses

who?	what?	background	how long?
bachelor 3 y.	intro to R and stats [1]	math, Python	¼ ed. y.
bachelor 3 y.	advanced stats	math, Python, R	¼ ed. y.
master 1 y.	intro to R and stats	(math, Python)	½ ed. y.

My courses

who?	what?	background	how long?
bachelor 3 y.	intro to R and stats [1]	math, Python	¼ ed. y.
bachelor 3 y.	advanced stats	math, Python, R	¼ ed. y.
master 1 y.	intro to R and stats	(math, Python)	½ ed. y.
re-qualification	intro to R and stats	(Python)	¼ ed. y.

My courses

who?	what?	background	how long?
bachelor 3 y.	intro to R and stats [1]	math, Python	¼ ed. y.
bachelor 3 y.	advanced stats	math, Python, R	¼ ed. y.
master 1 y.	intro to R and stats	(math, Python)	½ ed. y.
re-qualification	intro to R and stats	(Python)	¼ ed. y.
data analysis school	different topics	R, ...	1 weeks

[1] This became an online course!

But which of them include Bayesian methods?

who?	what?	background	how long?
bachelor 3 y.	intro to R and stats	math, Python	0 classes
bachelor 3 y.	advanced stats	math, Python, R	8 classes
master 1 y.	intro to R and stats	(math, Python)	2 classes
re-qualification	intro to R and stats	(Python)	4 classes
data analysis school	different topics	R, ...	9 classes

One class is 90 minutes

Topics covered by course

(classes)	b. 3 y. (8)	m. 1 y. (2)	re-qual. (6)	DA school (9)
Bayesian inference	+	+	+	+
Binomial data	+	+	+	+
Credible interval	+	+	+	+
Bayes factor	+	−	+	+
Emp. Bayes Est.	+	−	+	+
Normal data	+	−	−	+
STAN	−	−	−	+

Topics covered by course

(classes)	b. 3 y. (8)	m. 1 y. (2)	re-qual. (6)	DA school (9)
Bayesian inference	+	+	+	+
Binomial data	+	+	+	+
Credible interval	+	+	+	+
Bayes factor	+	−	+	+
Emp. Bayes Est.	+	−	+	+
Normal data	+	−	−	+
STAN	−	−	−	+
Informal rating of groups:	3	4	1	2

STAN	−	−	−	+
Informal rating of groups:	3	4	1	2

How could we explain this rating?

How could we explain this rating?

- Bayesian statistics is the only topic for the whole course

How could we explain this rating?

- Bayesian statistics is the only topic for the whole course
- Students' motivation

How could we explain this rating?

- Bayesian statistics is the only topic for the whole course
- Students' motivation
- Lack of experience in frequentist statistics?

I don't know...

Is it possible to answer with experiment?

Is it possible to answer with experiment?

- Programs are not so flexible
- Academic Supervisors are not always open to innovations
- It is important to understand works written within frequentist statistics
- ...

Is it possible to answer with experiment?

- Programs are not so flexible
- Academic Supervisors are not always open to innovations
- It is important to understand works written within frequentist statistics
- ...
- It is unethical!
